Limestone B.Y.P.U. Encampment Starts June 3rd.

G.O.P. TO OBSERVE SILENCE AS TO Ku Klux KLAN

State Support Accorded Big Annual Event

J. Albert Tucker of the Baptist Standard offices in Dallas is here today with Rev. Joe Jeffers, who has just returned from the Baptist Convention at Atlanta, Ga., in the interest of the Limestone County B. Y. P. U. encampment which is to be held the week of June the 3rd at the Reunion Grounds, southwest of town.

The event is receiving the support of the state organization and several hundred members are expected to camp at the reunion grounds for the banner event in the life of the Limestone Baptist Young People Union. A splendid program is being arranged, calling for the presence and participation of some of the leading members of the Baptist denomination. These include such men and women as Dr. Lee Scarbrough, Dr. Harold Major and Mrs. J. M. Dawson.

The event is to be widely heralded to the world through a sepcial edition of the Baptist Standard which will carry an illustrated page write up of Mexia and its institutions.

Many from the First Baptist church here are planning to camp at the Reunion Grounds during the week, starting Tuesday June the 3rd and extending through the following Sunday.

Regular Meeting Knights of Pythias

Travis Lodge No. 20, Knights of Pythias will meet in regular weekly session tonight at 8 o'clock, and confer the Rank of Page on a class of several. Officers and members, and also all candidates for the rank are urged to be present on time. Visitors are always wlecome.

NEFF NOT TO SAVE MEXICAN MURDERER

AUSTIN, Texas, May 22.—Governor Neff announced that he would not interfere in the case of Francisco Madena, convicted murderer, and the Mexican must die tomorrow.

Mellon Urges Tax Bill Veto

WASHINGTON, May 22.—Secretary Mellon will recommend to President Coolidge that he veto the tax bill, was stated on his behalf at the Treasury Department. The bill, as it stands, is highly unsatisfactory to Mellon and his opinion is that it will have a depressing effect on business in general. Mr. Mellon is disappointed that none of the reforms which "would have increased revenue," were embodied in the bill, and is believed to consider that the bill would not produce sufficient revenue to run the government. The limited publicity provisions are considered indefensible by Mellon in that they expose the private affairs of business men without increasing the revenue in the slightest.

All San Antonians To Have Lots Water

SAN ANTONIO, Texas, May 22.—Ample fire protection and an extension of water mains to all those who wish to use water in the city are the provisions under which the San Antonio Water Supply company will be allowed an increase of seven and one-half per cent in rates, according to Mayor John W. Tobin. The final report of the city council to the water company is now being drafted.

The water company first demanded an increase of 25 per cent in rates with the proviso that a 10 per cent rebate would be given for prompt payment of bills. The company was also averse to signing a longtime contract. Recent negotiations have indicated that the comapny will agree to a five-year contract and a seven and one half per cent increase.

MOTION TO DISMISS CASE IS DENIED

SAN ANTONIO, Texas, May 22.—A motion to dismiss the case against Dr. O. R. Stewart, charged with murder in connection with the death of Miss Lava Moore of Port Lavaca, when the state rested today, was denied by the court. The motion was made on the grounds that the state had failed to prove that an illegal operation had been performed.

THE WORLD IN TABLOID

AUSTIN.—Cato Sells and Lowry Martin were reelected officers of the temporary organization by the directors of the Texas Centennial celebration. Directors, at their meeting here, reported much enthusiasm throughout the state over the centennial.

WASHINGTON.—Major Frederick L. Martin will not rejoin the army world flyers but will be retained here by the air service to serve in an advisory capacity in directing the last few laps of the world journey. It had been originally planned to have Martin resume command of the flight at some point in Europe or Asia Minor.

DALLAS.—National headquarters of the Farm Labor Union of America will be moved from Bonham to Texarkana June 1, it has been announced. The Farm Labor News, official organ of the body, will be moved to the new location.

HOUSTON.—Declaring that the statement made by Lutcher Stark, chairman of the board of regents of Texas University, is "as evasive as most of his acts have been as regent," and that he was dodging the issue by using the religious question as a "smoke screen." Richard T. Fleming, president of the ex-students' association here, has answered the 1500 word statement issued by Stark. Fleming denied the question of fundamentalism versus modernism in the teachings of the University faculty had enetred into his opposition to Neff or Stark. He declared he voiced his opposition because Governor Neff was not eminently fitted for the presidency of the institution.

DALLAS.—The ancient Egyptians, contrary to the general belief, were not superior in the art of embalming bodies, according to J. A. Shelbers, Fort Worth, attending the convention of Texas funeral directors, here. In fact, he said, the Egyptians embalmed their dead in much the same fashion that the modern housewife uses in making home-made pickles.

LOS ANGELES.—A reward of $10,000 has been offered by the city council for apprehension of the persons who destroyed with dynamite, portions of the city's $21,000,000 aqueduct. A tremendous hole was blasted in the canal 20 miles north of Haiwee reservoir.

INDIANAPOLIS.—"I don't belong to the Ku Klux Klan and I never will, but I have no objections to any other man belonging if he wants to," Senator James E. Watson told the Republican state convention here. "I don't belong to the Catholic church but I'm not objecting to any other man belonging if he wants to. Politics is not a question of race, creed, or class."

MEN WHO FIGURE IN NEWS OF THE DAY.

Above: LIEUT. LOWELL H. SMITH & OSCAR UNDERWOOD
Below: MARQUIS DE CHAMBRUN & "BILLY" SUNDAY.

An honorary American citizen has been made a member of the French Chamber of Deputies. He is Marquis de Chambrun, French war hero, elected from the Department of Lozere. The Marquis is a direct descendant of Marquis de LaFayette, all of whose descendants have been made "honorary American citizens" by special act of Congress. U. S. Senator Oscar W. Underwood, of Alabama, candidate for the Democratic nomination for the Presidency, will seek to force through the Democratic National Convention in New York a plank opposing secret political organizations, aimed at the Ku Klux Klan "Billy" Sunday, famous evangelist, is suffering from ptomaine poisoning in Memphis, Tenn. Lieutenant Lowell H. Smith, senior of the U. S Air Service officers left with the 'round-the-world fliers, will command the flight until Major Frederick L. Martin, with a new "ship," can retain them, somewhere in the Balkans.

Masonic Lodge Is Very Busy

The Masonic lodge of Mexia is a busy institution, with a large amount of degree work on hand. The lodge met at 5 o'clock Wednesday afternoon and worked until 10 p. m., conferring the E. A. degree on a class of eight. Tonight the lodge will meet at 8 o'clock for work in the Masters degree

WATSON BOOMED FOR VICE PRESIDENT

INDIANAPOLIS, Ind., May 22.—A resolution endorsing Senator James E. Watson for the Republican nomination for vice president was adopted today by the platform committee of the Indiana Republican convention.

The boom for Watson as running mate for President Coolidge was started when six of the thirteen district caucuses approved Watson's proposed candidacy.

In all night session, the platform committee wrestled with resolutions to build up a compromise platform that would meet the approval of all factions in the convention today.

The platform does not mention the Ku Klux Klan but declares that the laws must be enforced upon the "high and low alike," without prejudice to race, creed or color.

This plank, coupled with Senator Watson's declaration in his keynote address that questions of religion or membership in secret organizations are not within the province of political parties, was found acceptable by the Klan.

Danger of a bitter fight over the delegates-at-large to the national convention was avoided when party leaders decided to select ten delegates-at-large instead of seven and give each delegate seven tenths of a vote. By this change, Postmaster-General New is assured of a place on the delegation.

Three hundred delegates said to be members of the Ku Klux Klan bolted district caucuses last night to attend a meeting at which a slate for State offices of the Klan was agreed upon.

THE WEATHER

East Texas—Tonight and Friday unsettled, occasional showers in south portion; warmer tonight in northwest.

West Texas—Tonight and Friday partly cloudy to cloudy; probably showers in Panhandle.

Thornton Parties Injured In Auto Accident Sunday

Dr. J. B. Barnett of Thornton accompanied two patients to Mexia this afternoon for X-ray examinations in Dr. McKnight's laboratories both of whom were injured with three others in an automobile accident on the Thorton and Clotha road Sunday afternoon. They were Miss Georgia Penick and Miss Mabelle Botler. The former was injured about the head and neck and the other sustained injuries to her back and ribs. Besides these the others injured were Miss Ima Bates, who suffered a right arm broken and ribs injured; J. Stutts who sustained injuries to his back and Buddie Melton, driving the car, who was least injured of all. It is said that the escape of the party without loss of life was miraculous almost. The front right wheel of the automobile came off, turning the car completely over twice.

BRIDE IS GIVEN SHOWER

A beautiful bridal shower was given Mrs. Jack Suttle in the home of Mrs. J. W. Hinchliffe, on South McKinney at 6 o'clock Wednesday afternoon of last week. Mrs. Suttle, previous to her marriage to Mr. Marvin Suttle, of this city, was Miss Jack Mullens.

A large variety of gifts was given at the shower, consisting of linen, cut glass and so forth. About fifteen guests were present.

OKLAHOMA CITY.—The National Editorial party, touring the South west on its annual outing, rolled into Oklahoma City with the sun today and took possession of the city.

MICHIGAN CITY, Ind.—Search was started today for a referee for the Gibbons-Carpentier boxing contest May 31. While promoters indicated they would like to secure an Indiana man as third man in the ring, other names have been mentional, prominent among these are Mat Hinkel, Cleveland; George Barton, Minneapolis; Bill Kelley, Buffalo, and E. Dickerson, Grand Rapids. Decision probably will be made early next week.

PROMINENT MEN OF MOBILE ARE ROUNDED UP IN RAID

MOBILE, Ala., May 22.—Eleven of 71 men, including leading citizens, of Mobile, rounded up in an anti-booze crusade, were found guilty by a jury in the federal court. The jury deliberated throughout the night.

BRITISH TREATY ON LIQUOR IS IN EFFECT TODAY

WASHINGTON, May 22.—The rum treaty between the United States and Britain is effective today with the exchange of raifications at the State Department. An identical treaty with Sweden was signed today. One with Germany was signed Monday. Another with Holland is in the preliminary stages.

NEW YORK.—Brooklyn police were after a new bobbed hair bandit today. Louis Saxt described her as a determined, two-gun girl, who walked into his shop, jerked a pair of wicked blue automatic pistols from her handbag, backed him to the wall and took $60 from his pockets. "She gave me back $5," Saxt said, "when I pleaded I must have something to send my wife and babies in Russia." The girl then walked leisurely from his shop, Saxt said after warning him not to move for five minutes. She took the key and locked the door as she departed.

BERLIN.—Communists are mustering wives of their imprisoned comrades for demonstrations in and around the Reichstag at the opening session. While a clamor is raised in the corridors and outside the Parliament buildings Communist members plan to demand amnesty for all political prisoners.

PHILADELPHIA—Ed [illegible]rangler) Lewis, who is world's [illegible] champion wrestler, retained his [illegible] in a match with Renato Gardi[illegible]re last night. Each won a fall b[illegible]he Italian was too exhausted t[illegible]turn for the third.

ALBANY, N. Y.—F[illegible]t Fuller fell three stories down [illegible] air shaft shattering the glass c[illegible]y. He was arrested charged with malice destruction of property.

NEW YORK.—Roy Meyers, an actor, first and only person arrested for buying liquor in New Yrok since the prohibition laws became effective, was fined $50.

HOLLYWOOD, Cal—Harold Lloyd joined the ranks of happy fathers today. Mrs. Lloyd, known on the screen as Mildred Davis, gave birth to a daughter in a hospital.

CHICAGO.—Martin Burns, saloonkeeper, has lost faith in the saving virtues of a safe. Today he reported to police that yeggs had carted off his big safe in which he locked $1500.

A truck load of grips reached here Wednesday afternoon from Powell and Corsicana, the baggage of scores of derrick builders returning to repair the damage done here by storm.

Mr. and Mrs. Fletcher Adair and children of Groesbeck ewre Mexia visitors Wednesday. Mr. Adair stated that the rainfall there registered 1.4 er the same as at Mexia.

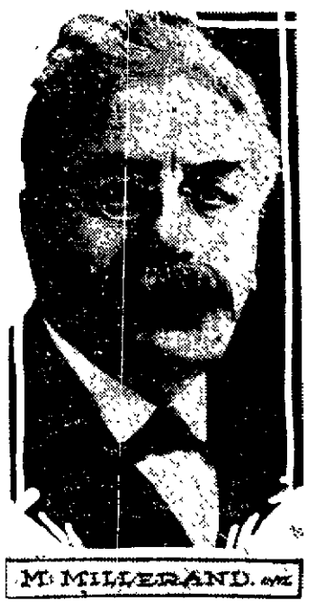
Farmers in town today were much pleased with the fine rain that fell Tuesday night. Cotton showed much improvement yesterday following the rain. One man said that it grew at least an inch in the one day.

J. I. Riddle has returned from a business trip to Dallas.

Keynoter Watson Declares Position Which Will Likely Dominate Republican Meet

NEW YORK, May 22.—The republican party will reject the Klan as an issue in the forthcoming campaign. For many years the party keynote sounded at the Indiana convention, has been accepted as the foundation stone of the republican national campaign policy. Senator Watson, when he said the republican party did not care if the nominee was "Klansman or Catholic," sounded the keynote which President Coolidge is expected to corroborate. Coolidge already has stated by inference that the Klan has no place in party considerations.

Millerand May Resign as French President.



M. MILLERAND.

Because he had given his unqualified suport to M. Raymond Poincare, defeated French Premier, M. Millerand is said to have threatened to resign as President of France.

Waco Trippers Here On Tour Of Section

100 Waco trade trippers arrived several minutes ahead of schedule time this morning in their rounds advertising the Waco Cotton Palace and their individual business concerns. They were in automobiles about 30 of which comprised the party. Tom Wolfe was in charge of the trippers. He and C. F. Dumas were in the lead car. W. N. Miner, Secretary of the Y. M. B. L. and A. J. Gansler were also members of the party. Waco newspapers were also represented.

The leading car was decorated as a Y. M. B. L. car and had a siren which let the public nkow of their presence and also signalled for the start out of town.

There are two other trade trips ahead of the Waco commercial organization.

The following was the itinerary of the tourists:

Waco to Prairie Hill, 8:30, stop 10 minutes.

Prairie Hill to Coolidge, 9:15, stop 15 minutes.

Coolidge to Mexia 10, stop 1 hour.

Mexia to Groesbeck, 11:35, stop 1 hour.

STARK DEFIES ATTEMPTS TO FORCE HIM FROM JOB

DALLAS, Texas, May 22.—H. Lutcher Stark defied the efforts of some Texas University alumni attempting to force his resignation as chairman of the Board of Regents, by declaring the attempts to force his resignation would be useless: "I see no just reason why I should resign. I have nailed my flag to the mast and it will stay there."

MAYFIELD PROBE T OBE RESUMED BY SENATORS FRIDAY

WASHINGTON, May 22.—The Mayfield hearings will be resumed tomorrow, following a postponement today because of the failure of witnesses to arrive. Morris Mayfield, brother of the senator, of Terrell, is to be questioned by Peddy's counsel. In a prepared statement Peddy declared that the Klan "usurped the democratic party of Teras so as to send one of its members to the Senate as spokesman for the Klan and an example of its power." The records of the Mayfield injunction trial at Corsicana are to be gone over by attorneys appointed by the committee.

GRAND RAPIDS, Mich.—Three candidates appeared to be in the race for the moderatorship of the Presbyterian Church in the United States which opened its 136th General Assembly here today. Dr. Charles F. Wishart, of Woster, Ohio, is the retiring moderator. The fight for the highest office of the church appeared today to be settling down to a contest between the fundamentalists and modernists with the former backing Dr. Charles E. McArtney of Philadelphia and the modernists supporting Dr. Charles Erdman, Princeton, N. J.

ZEPHYR, Texas.—Lynch Davidson candidate for governor, missed death by a narrow margin when lightning struck an iron post 15 feet from where the governor had sought shelter during a thunderstorm. Davidson was momentarily dazed but continued to Brownwood where he fulfilled a speaking engagement.

BRYAN, Texas.—Commodore Bullock, held in connection with the slaying of Sheriff L. E. Morehead near here in March, will go on trial June 5. Bullock was indicted by a grand jury which adjourned a few days ago.

MOODY TO HAVE NEW DERRICK

A new derrick to take the place of the old one blown down during the storm several days ago will be erected on the Moody number one at Tehuacana, it is announced. The wreckage was cleared away Wednesday and the contract has been let it is reported.

WHY WALL STREET FOUGHT THE BONUS

Day by day, in every way, the sane, sober, thinking American patriot becomes more strongly convinced that it would be a mistake to turn this nation over to Wall Street and to the bootlegger. Wall street tried to dominate the action of Congress and the President on the Bonus bill, opposing it with all the vehemence within its financial power. It was a pretty spectacle indeed which Wall Street presented in fighting the bill. Wall Street, it will be remembered was anxious to see the United States remit all debts of foreign powers incurred during the war but was unwilling to pay to American soldiers a portion of the debt of gratitude for the secrifices, hardships, suffering, business losses and broken lives which sturdy sons of these United States contributed to the salvation of America. Probably one reason why Wall Street fought the Bonus Measure was because so few of the citizenship of that famous financial thoroughfare contributed to any of the fighting branches of the service.

THE COUNTY SINGING CONVENTION

Last Sunday's issue of The News carried a historical sketch concerning the Limestone County Singing Convention. It was described as a social factor in the life of the community. It is, indeed, more than that. It is a commercial asset. It is a spiritual organization. It is an educational institution. It brings the people of the section together in the spirit of brotherhood. It enhances happiness, thereby contributing to prosperity. It uplifts those who attend, stressing the beauty of harmony in song and music as well as in realms outside that of song and instrument. It calls attention to the beautiful and serves in many ways in enlightening the people bringing them together for an exchange of opinions and ideas and for the informal discussion of questions of the moment.

Mexia and the entire county should draw a lesson each year from these banner events.

The necessity for harmony is the first great lesson stressed by the singers assembled at the annual conventions.

The word "Co-operation" is seen in The Mexia Daily News more than any other word. It cannot be used too much for it is the one thing that Mexia, as well as every other ambitious city needs today.

A violation of the principles of harmony and melody in music creates in the mind a feeling of destruction. Violation of these same principles make for the down fall of communities everywhere. It is God's unwritten message sent to the world through the medium of Nature. Listen to the noise of an earth quake, a volcano, a cataract, a storm such as visited this section Tuesday night, and there is created in the mind a sense of destruction. If unharmonious sounds produce this effect on man's mentality, it is because the harmony of things is the base of music, and that if the harmony of things is destroyed the destruction of the universe would be the result.

ON THE WAY DOWN TOWN

By Slyboots.

Topics of interest in Mexia change like scenery in the Saharra, some times, and then again it would take a flock of cubs on some metropolitan sheet pushing the carbon fast as Pat Patterson can talk to keep up with the shifting thrills. So my readers will pardon the "nut" editor if he steps from street scenes to those of high society. You know golf has struck Mexia with the same force that made Jack Dempsey a million and my theme must turn to the flowing golf links at times, for of all things a writer must keep abreast of the times, even if he has a glass eye. Mexia numbers among her "who's who" a singing Rotarian by the name of Bell—not Tinker Bell—but George Bell and when he is not singing he is building homes for the other fellow. He was seen on the golf course Tuesday afternoon in a pose that reminds me of following a dyspeptic in a steam table cafeteria. But on closer inspection he was found to be looking for lost balls. It was no fault of his stance that seemed perfect, but his "follow thru" was missing like a cake of soap on Saturday night. George would really make a wonderful player if he wouldn't loose the balls. But his mind must take flights of fancy for when he hits those round pelletts they seem to follow something besides good intentions and they wander into uncharted courses. There seems to be one part of the course that George is very fond of—it's the natural water hazard and George tells this on himself. He had a dream the other night and it seemed that it was raining hardboiled eggs. When he awoke he was sitting beside the water hazard swapping eggs for golf balls.

George has been complimented greatly on his musical charms but very modestly states he has a brother that far excells him. He says when brother plays that one thousand men quit work. He pulls a whistle in a macaroni factory.

After watching George chase golf balls till eye strain developed, I romped in to town to see if Dr. Jackson had written Paul Revere. It seems that the doctor wants to become a jockey and he paid five dollars in answer to an advertisement asking where Paul lived that he had heard he was a fast rider. But before I could get to the doctor, Frazier Hendricks collared me as I stopped my car in front of his Beauty Parlor. Frazier it seems has been making efforts to curtail the business of mail order houses in this section and he has been making a close study of all lines that might give him a clue to their extermination but he has had a severe set-back in his worthy work. It seems that John Sweatt has been in on several close deals with Frazier and they have grown quite friendly in their many transactions but Frazier doesn't know now whether to look for another friend or go in with John and help in a new enterprise. This is what happened. John has been wanting to have his picture made and Frizier has been extolling the virtues of the photographic artists of Mexia so when John reached the bank this morning Frazier was waiting his coming and at once engaged John in a new argument, when like a ton of horse-radish John informed Frazier that he had just mailed a letter with a full personal description of himself to Sears-Kobuck for them to send him a life-sized picture by mail. Frazier told me of this with tears staining his neck.

By the way Frazier has hung a new motto in his art gallery. Seems it's from the Hof-brau. It runs like this 'Men get rich by winking at the laws, and get in trouble by winking at women."

RHEUMATISM
Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenrhu, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Mr. James H. Allen of Rochester, N. Y., the discoverer of Allenrhu, who far many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. Anderson & Horn can supply you. (adv.)

COOLIDGE WILL SIGN MEASURE CLOSING U. S. DOORS

By A. L. BRADFORD
(United Press Staff Correspondent)

WASHINGTON, May 22.—Despite his futile efforts to modify the Japanese exclusion provision of the immigration bill, President Coolidge instead of signing the measure without comment, will take some final step designed to mitigate the affront to Japan in the proposed law, informed observers believed today.

Meanwhile the two countries are facing a situation where neither may be represented by an Ambassador in the other's capital. The resignation of Cyrus Woods, American Ambassador to Tokio having been accepted by the President, no official and diplomatic explanations seem able to down the impression that one of the causes of Woods' rotirement is the proposed exclusion law.

Ambassador Hanihara, the Japanese envoy here, reported to be on the verge of resignation, today told the United Press that he could not comment on the subejct. All the Ambassador would say was that he had no present plan of resigning and that he was "awaiting developments."

Secretary of State Hughes is holding frequent conferences with President Coolidge on the Japanese situation. It is believed that Hughes would feel much of his work in the State Department to have been in vain should an exclusion law result in a return of the delicate relations existing between the two powers before the Washington disarmament conference.

In the midt of this situation Mr. Coolidge is casting around for a suitable man to take Woods' place. The name of John Hays Hammond, noted mining engineer and chairman of the coal commission during its brief life, is being mentioned. Hammond at one time was offered the Tokio post by President Harding.

MURDER CHARGED TO NURSE IN HOSPITAL

Admits Gruesome Deed and Declares It Was Disgraceful to Let Condition Continue When It Was So Easy To Stop It.

"Certainly I killed them—all by myself, too," declared a pretty nurse when the superintendent found her pacing happily up and down the hospital halls.

"It's a disgrace to let roaches and water-bugs stay around a kitchen, or anywhere else for that matter, when Fly-Flu is so easy to get. It took me just five minutes to kill all insects around the place—and if any more come they will get it, too. Besides, Fly-Flu is a deodorant and keeps everything it touches sanitary."

Fly-Flu is deadly destruction to every insect or bug. Spray Fly-Flu around the premises—it kills them all. Flies, roaches, waterbugs, ants, fleas, mosquitoes and bugs and lice that infect flowers and plants all fall quick victims to the effects of Fly-Flu.

Yet Fly-Flu is absolutely harmless to humans—cannot stain or leave unpleasant odor—and it will not injure vegetation. Substitutes can't and won't do the work, but genuine Fly-Flu cannot fail if you use it according to directions.

A large bottle of Fly-Flu only costs 50c with the handy sprayer free. Get it from your druggist, grocer or general store. Be sure it's Fly-Flu.

Indianapolis Mayor Mounts Race Car Cowboy-Style

Following the official welcome extended Earl Cooper, noted race driver, by Mayor Lew Shank, the Chief Executive of the Hoosier Capital expressed a desire to drive a lap in Cooper's Robin Egg Blue Studebaker Special. It proved too tiny a mount for the giant ex-auctioneer so he was forced to ride it cowboy-style.

King Cotton Is Traveling North

HOUSTON, Texas, May 22.—King Cotton bids fair to extend the limites of his realm far beyond the reaches of a warm southern sun—farther than was ever dreamed a few seasons ago.

Between 20,000 and 30,000 acres of cotton will be planted in southern Illinois this season according to information received by H. H. Schultz, agricultural statistician.

Nor is cotton a "misfit crop" in this state which boasts heavy yields of small grains per acre. Of more than 1,000 acres planted in cotton in 1923, the average yield was about a half a bale an acre—a high average for the heart of the cotton belt.

Success of the northern planters in raising this crop has been brought about largely through the development of different varieties of cotton seed which mature early and the boll weevil, plague of the southern planter, cannot survive Illinois winters thereby elimmating danger from this pest.

Quite a number from here will attend the State Democratic convention at Waco next Tuesday.

Creosene Stops Sore and Bleeding Gums in 12 Hours

This new discovery is a pleasant penetrating liquid medicated with gum-tissue healing and germ-destroying ingredients used by the dental profession, which carries the medication direct to the roots of the teeth, relieving pain, tightening loose teeth, healing pus pockets and killing the germ that leads to pyorrhoea, thereby accomplishing at home in a pleasant way, all the good benefits of a treatment in the dental chair without the pain and expense. Recommended by Bennett's Drug Store.

Simple Home Treatment For Swollen Veins

If you or any relative or friend is worried because of varicose veins or bunches, the best advice that anyone in this world can give is to get a prescription that many physicians are now prescribing.

Ask your druggist for an original two-ounce bottle of Emerald Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. Emerald Oil is a powerful, yet harmless germicide and results are guaranteed.—(Adv.)

DALLAS BUSINESS MAN ADDS HIS TESTIMONY

L. Coppage Tells of Relief from Stomach Trouble of 15 Years Standing and Gives Tanlac Full Credit.

"Since taking Tanlac my stomach acts and feels like new and, in fact, I am rebuilt, so to speak," is the strikning statement of L. Coppage, proprietor of the Coppage Auto Works, 2101-3 North Akard St., Dallas, Texas. Mr. Coppage resides at 500 So. Beacon St.

The results Mr. Coppage has obtained from Tanlac are indeed remarkable, in as much as he declares "I had suffered from indigestion for fifteen years. Often I had no desire for food and what I did eat felt like a lump in my stomach, which kept me feeling sick most of the time.

"In this condition food seemed to do me more harm than good, as I became terribly run-down, felt sluggish and had no energy. That I now eat nearly everything I want and seldom feel a touch of indigestion is all due to Tanlac. I am built up to where I feel fine and healthy in every way and am brimful of new life and energy. I belive Tanlac is equal to any case of stomach trouble."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Tells Sufferers How To End Piles Forever

Rochester Doctor Achieves Remarkable Success with New Prescription. Must Give Absolute Relief or Money Back.

It has remained for a well known Rochester doctor to find a real remedy for Piles. Years of patient, pains taking effort on his part has resulted in a prescription that will actually heal Piles and absorb them never to return.

This doctor says no man or woman need suffer another hour from any pain arising from Hemorrhoids or Piles now that he has made arrangements with leading druggists to dispense this wonderful prescription known as MOAVA SUPPOSITORIES for a moderate price on the money back if dissatisfied plan.

You'll be amazed to see how quickly it acts. Blessed relief often comes in an hour; even in cases of long standing with profuse bleeding really wonderful results have been accomplished. For sale by Cox-Forrest Drug Co.—(Adv.)

RUPTURE Expert Here

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will personally be at the Raleigh Hotel, and will remain in Waco Sunday and Monday Only, May 25-26. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Warning—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

P. S. Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley.

Word was received by Gray Forrest Tuesday afternoon from the Vernon Club of the Pacific Coast league that Rodney E Whitney, star receiver for the Gushers last season, had "stuck" with the Vernon club. They have used Whitney very little this season to quite a bit for the Vernonites. to work juite a bit for the Vernonites.

In the track team from Finland, the U. S. team will find one of their strongest opponents. The only weak places on the Finn team will be in the dashes and the timber topping events.

The Gushers are having quite a time now winning a game or so but they will come around alright in the long run. There is something wrong with them and as soon as several changes can be made they will get to giving somebody's club a run for their money.

In Tuesdays game the Gushers nicked the Oiler twirlers for thirteen bingles while they were collecting nine off of Peel but from these nine hits the Oilers obtained five counters while the best the Gushers could get from the thirteen hits was only four counters.

The Waco Indians and Marlin Bathers are coming together these days in some regular clashes and the Indians seem to be getting the best of some one run games from Alex's men.

Stinnie Strickland has been signed as Cub football coach at Baylor for the coming year to succeed Cop Weathers who has accepted a position with the Sour Lake High School. Stinnie is now playing with the Temple Surgeons.

Johnny Weissmuller, of the I. A. C. should prove to be about the best in the world in any event from the 50 to 500 meters races. There are several who will make him go for the prize in the 50 to 100 but he should have little trouble in winning the other events.

L. M. Nelson, Sr., of Waco, was a Mexia visitor Tuesday.

In mentioning the likely candidates for the timber topping events from the U. S., Frazier of Baylor U, and Keeble, an Austin boy attending Missouri U, are spoken of highly by Gill.

MEN AND WOMEN IN DAY'S NEWS.

Above: SUZANNE LENGLEN & MRS. E. E. HARRIS
Below: JAMES CURLEY & REAR-AD. W. F. FULLAM

According to the Nice correspondent of the Paris l'Auto, Suzanne Lenglen, world's champion woman tennis player, is ill with jaundice and will be unable to defend her three French championships. In a signed statement Rear Admiral W. F. Fullam, U. S. N., retired, declares there is nothing fundamentally wrong with the American surface fleet, which he says is not inferior to the British. He adds, however, that the Navy is weak in submersibles and aircraft. Mrs. Eleanor Elaine Harris, bizarre central figure in the successful marriage annulment proceedings brought in New York by Beverly D. Harris, formerly vice-president of the National City Bank, is under arrest there on the charge of forging Harris's name to a letter on which she sought to reopen the case on the grounds that he had exonerated her. Mayor James Curley, of Boston, has asked a Senatorial investigation into the collection of funds for the Coolidge campaign committee, alleging a plot to buy the Presidency.

How To Figure Bonus Payments

WASHINGTON. — In order to speed up the work of paying World War Veterans the bonus congress gave them, the war department has issued a list of "don't" to veterans.

Here they are:

Do not write for application blanks. They will be distributed as soon as prepared; read instructions carefully; do not pay fees other than notary charges required in certain cases; do not write the war department for information required on the blank. Do the best you can from memory. Mail applications in the envelopes which will be distributed with the blanks.

Adjusted compensation is figured on the basis of $1 a day for home service and $1.25 a day for overseas service. The first sixty days of service cannot be counted and a maximum of 500 days is the limit. If less than $50 is due, it is paid in cash.

The value of the 20 year endowment insurance policies to be issued is arrived at by computing the basic compensation according to these figures, then by multiplying it by an arbitrary figure according to the veterans age and increasing the total arrived at by 25 per cent.

This arbitrary figure varies from 2.545 for veterans 20 years old to 2.082 for veterans 59 years old.

For example, a veteran of 25 with one year's home service would compute his service as 305 days at $1. Multiplying $305 by 2.537, the arbitrary figure for his age, would give $773.78. This increased by 25 per cent would give $967.25, the face value of his insurance policy.

Insurance policies will be issued as fast as the date can be compiled. Loans may be made up to 90 per cent of the value of the policy after two years from the date of issuance. The policies increase in value steadily from date of issuance until the maturity after 20 years when the full value of the policy is payable.

The shoulder blade of a mammoth was recently dredged from the sea by a trawler and landed at Douglas in the Isle of Man.

More than 85 per cent of this country's corn crop is fed to live stock, and somewhat less than 10 per cent is used for human food.

A museum of safety where hundreds of accident prevention devices are displayed was recently opened in New York.

Quartz glass is capable of absorbing oxygen which imparts to it a phosphorescent glow.

FURNITURE SALE.

For reason of the fact that am leaving Mexia and on account of my new location being so far away that I can not profitably ship my household furniture, I am offering same for sale at my home at 719 East Palestine St. It is all first class, most of it practically new and my prices will be a great deal less than you would have to pay a dealer. To make a list would take too much space but I have everything in the household furniture line. All good stuff, and lots of it. If you are in the market for anything in that line get in on the ground floor for I am going to sell at all in the next few days. Ben F. Upton, 719 E. Palestine street. 20-2

Leonard Has Bad Attack of Stage Fever

By HENRY L. FARRELL
(United Press Sports Editor)

NEW YORK, May —Benny Leonard has developed so much enthusiasm for the theatrical profession and he professes to see such a future in it that it would be no great surprise if he announced his retirement from the ring after the outdoor season.

When a champion in these days of few fights and immense purses talks of retirement, the public is justified in considering the conversation to be a lot of bunk.

Leonard, as champion lightweight of the world is, at the very least, a $200,000-a-year man, and he is not in his thirties. A surgeon, a lawyer, or an engineer, who has made himself worth $200,000 a year before he passed his twenties, would be mentally deficient if he gave up his business and started in the practice of a new profession.

While it is admitted that the boxer hasn't a profession as permanent as a young man with a skilled technical trade, it seems that Leonard has several years ahead of him, and even a few years at such a handsome salary would put the ordinary tradesman at ease for life.

Leonard, however, does not look at it that way. He has the theatrical bug and has it bad, but he has some sensible arguments to show his desire to get out of the boxing business is not a fad of the moment or a silly hobby.

While he was being made up recently by a star cosmetic thrower in a New York movie studio, where he was to go through a 60-round fight for the hand of a movie queen, Leonard unburdened himself of some of his ideas about the boxing business

"This commission idea of government is spoiling the game," he said. "They try to tell a boxer what he must do. They tell a promoter how much he can charge, how many spectators he can seat and what boxers he can match. The New York commission got on me a few days ago and told me that I had to defend the title. I told the commissioners I was ready to fight if they would get an opponent for me, and they had to admit that it would be a job for them to find an opponent.

"The newspapers play up the exhibitant purses that boxers get and the reformers complain about it. Because of the prominence given in the news to purses paid to fighters, the public gets the idea that boxers are the highest paid performers in the world. They are not. Supposing I do make $300,000 a year, that is small compared to Al Jolson's million dollars a year and the salaries and income of a half million dollars that several other star actors get.

NIGHT-INGALE CONCERT TO BE BROADCASTED

LONDON.—Radio fans in the United States will be given an opportunity to "tune in" on the song of a nightingale next week, following the successful broadcasting of a nightingale concert near Oxted. Several of the feathered songsters were coaxed to a thicket and a cello player started the birds singing. The song was heard by millions of radio fans throughout England.

Most Motor Accidents on Straight Roads, Says Kropf

TAKING CHANCES

STOP!

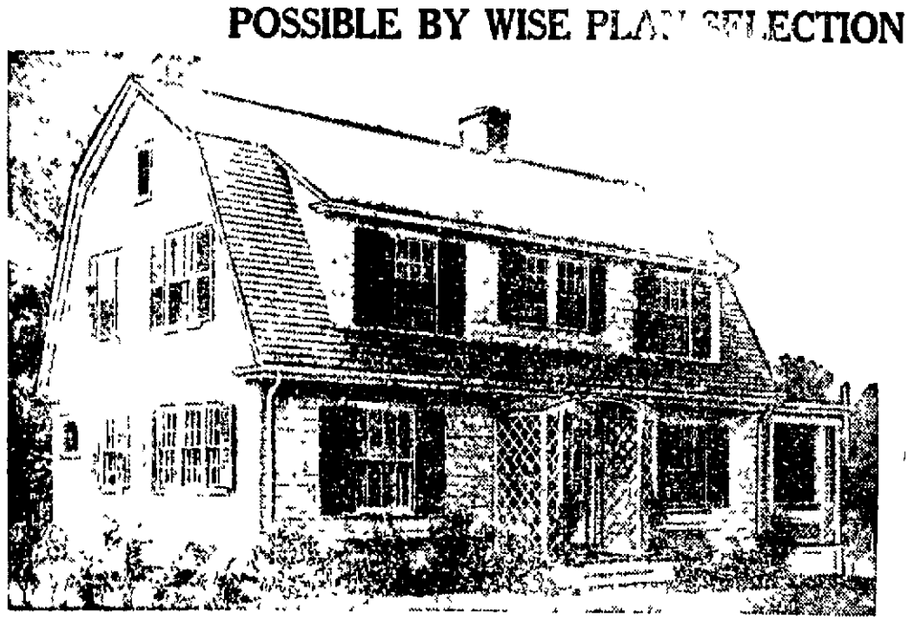
CHICAGO—Straight roads with their fascination for the driver who "likes to step on the gas" are responsible for more automobile accidents than curves, hills or even railroad crossings, according to Richard L. Kropf, Supreme Regent of the Royal Arcanum who based his assertion on automobile accidents tabulated in the state of Wisconsin in 1922-23, where straight road accidents outnumbered all others more than two to one.

"Curves, hills and railroad crossings seem to bring out any caution that a driver has," said Mr. Kropf who has studied traffic conditions in connection with the Royal Arcanum's nation wide campaign for the prevention of accidents. "A man who would not think of skidding around a sharp turn will drive his car faster than fifty miles per hour on the straight-away. In the city, the white-gloved hand of the traffic officer prevents such recklessness.

"Out of 2 981 road accidents in Wisconsin in 1922 23 2,044 occurred on straight roads and only 937 in all other places, including curves crossroads, hills, corners and railroad crossings Reckless driving is given as the cause for 1,528 accidents. Improper or no lights, broken mechanism, intoxicated drivers, weather conditions, narrow bridges and culverts and cars on the wrong side of the road are among the other causes listed.

"It is interesting to note that in the 2,981 accidents, there were 10,258 people involved. Nearly always, the reckless driver jeopardizes the lives of several of his family and friends The Royal Arcanum is striving to teach the doctrine of safety in all walks of life through 1,300 councils and 125,000 members in the United States and Canada. The order has no other motive in this save the conservation of life through sensible, cautious living."

ECONOMY IN HOME BUILDING MADE POSSIBLE BY WISE PLAN SELECTION



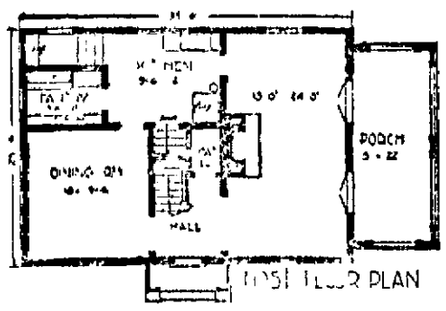
Design 1457

M L KEITH

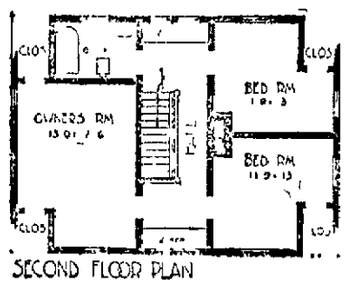
ECONOMY in home building can come only through careful study of plans. There is no short cut to the ideal structure. Reduction of cost by the use of inferior materials or poor workmanship is a false economy. One simply buys in this way an inferior article for which he pays a correspondingly low price. True economy is a matter of simplification. In using good materials to better advantage and adhering to simple lines a great saving can be accomplished in home building.

To reduce the cost of building by improving the quality the first step is the careful selection of building plans. Dependence for beauty of outline should be placed altogether upon application of the principles of good design such as proportion, unity of detail and fitness.

This home is the most attractive and yet one of the most economical types in building of the old colonial house. The entrance is into a central hall. The porch to the right opens out from the large living room. The latticed entrance lends an entrancing charm to the appearance of this distinctive home. While this house is shown to be built of siding either shingles or stucco exterior would be equally appropriate. It is a real home which every one will like; it is satisfying and though of fair size being so simply designed and conveniently planned readily fits the needs and tastes of the average home builder.



FIRST FLOOR PLAN



SECOND FLOOR PLAN

One of the interesting features to the interior arrangement is the ample light afforded every room. Large windows make this home most desirable where air and sunlight are essentials to happy home life.

The American Home Plan Bureau has inaugurated a campaign to help the home builder. The home pictured here is but one of the many contained in the American Home Plan Book issued by the Bureau.

These plans for small homes are furnished at a low cost by the American Home Plan Bureau, an organization having at its disposal tested plans of leading architects of the country, which have been arranged for your requirements by M L Keith Architectural Supervision of the Bureau and a recognized authority on home planning.

Mr M. L Keith will answer questions and give advice free of cost on all subjects pertaining to planning, building and construction of homes for the readers of this paper. By reason of his forty years' experience as an Editor, Designer and Builder, Mr Keith is ranked as the highest authority on home planning and construction.

All inquiries should be addressed to American Home Plan Bureau, 220 S State St., Chicago, Ill.

This little dollar goes to market

EVERY year every family of your acquaintance spends about 70 per cent of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements of her daily paper. There she learns about the offerings of merchants and manufacturers. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the daily business of purchase.

D. Flickinger whose residence is unknown, to be and appear before me, a Justice of the Peace in and for Limestone County, at a regular term of the Justice's Court for Precinct No. 4 of said County, to be begun and holden at my office in Mexia on the 10th day of June, 1924, at ten o'clock A. M., to answer the complaint of Rogers Mercantile Company in a certain suit therein pending, in which Rogers Mercantile Company is Plaintiff, and B. D. Flickinger is Defendant.

Filed on the 26th day of April, A. D. 1924, and numbered on the Docket of said Court No. 739, the nature of the Plaintiff's demand being in substance as follows: On July 14th, 1923, at the instance and request of Defendant the Plaintiff took defendant's note in the sum of $44.50, due thirty days after date, said note providing for ten per cent attorney's fees if placed in the hands of an attorney for collection. Plaintiff says further that he placed the note in the hands of Keys & Mason, attorneys, for collection, agreeing to pay them the ten per cent attorney's fees provided for in the note, the same being reasonable attorney's fees; that the note is now past due and unpaid, and that Defendant, though often requested, has hitherto failed and refused, and still refuses, to pay the same or any part thereof, to Plaintiff's damage in the principal sum of $44.50.

Wherefore, Plaintiff prays that the Defendant be cited to appear and answer this suit; that he have judgment in the principal sum of $44.50, interest, attorney's fees and costs of suit, and for such other and further relief, general and special, in law and in equity, to which he may be justly entitled.

Herein fail not, but have then and there before said Court, at said regular term, this Writ, with your return thereon, showing how you have exeuted the same.

Given under my hand, this 26th day of April, A. D., 1924

O. KENNEDY,
Justice of the Peace,
Precinct No. 4 Limestone County, Texas.

Pepsinated Calomel Is Better than the Old-Time Sickening Kind

It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, billiousness, bad colds, constipation and sick headaches. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by Bennetts Drug Store

Jack R. Hornaday, representing Jiggs and other King features, was in Mexia Wednesday. He stated that Jiggs still leads all other comics and is now being printed in Chinese and other foreign newspapers. He states that the translation in Chinese is difficult, for the humor also has to be translated as well as the words, since Chinese don't always catch the humor of an American joke.

REVIVAL TO RUN
JUNE 19 to 28

The Central Presbyterian Church announces the date of the Revival Meeting June 19 to 28. Rev. Leon D. Young, pastor of City Temple, Dallas, Texas who is to lead the meeting and do the preaching talked with Rev. Aubrey by long distance Wednesday night and stated he was making preparations for an intensive evangelistic campaign. Arrangements for a capable song leader will be completed in a few days.

The Presbyterians desire to invite all people of the other denominations and those of no church affiliations to come and join in this effort as far as they may find it possible. It is not the intention to make this a denominational effort. Dr. Young made it clear to the committee that he could not consider coming to Mexia unless the plans were made large enough to benefit all other churches and the whole community.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots How to Remove Easily.

Here's a chance, Miss Freckleface, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easily it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—(Adv)

Sandstorm Covering Up Boundary Marks

EL PASO, Texas, May 22.—International boundary marks have been covered by sandstorms in many places along the border, J. Harrie Cloonon, boundary commission secretary, has been informed.

An airplane carrying Randolph E. Fishburn, of the commission, has left here for an inspection of the border between El Paso and Nogales, where the monuments are reported covered.

Additional observations on the topographical features will be made.

Limestone B.Y.P.U. Encampment Starts June 3rd.

G.O.P. TO OBSERVE SILENCE AS TO Ku Klux KLAN

State Support Accorded Big Annual Event

J. Albert Tucker of the Baptist Standard offices in Dallas is here today with Rev. Joe Jeffers, who has just returned from the Baptist Convention at Atlanta, Ga., in the interest of the Limestone County B. Y. P. U. encampment which is to be held the week of June the 3rd at the Reunion Grounds, southwest of town.

The event is receiving the support of the state organization and several hundred members are expected to camp at the reunion grounds for the banner event in the life of the Limestone Baptist Young People Union.

A splendid program is being arranged, calling for the presence and participation of some of the leading members of the Baptist denomination. These include such men and women as Dr. Lee Scarbrough, Dr. Harold Major and Mrs. J. M. Dawson.

The event is to be widely hearlded to the world through a sepcial edition of the Baptist Standard which will carry an illustrated page write up of Mexia and its institutions.

Many from the First Baptist church here are planning to camp at the Reunion Grounds during the week, starting Tuesday June the 3rd and extending through the following Sunday.

NEFF NOT TO SAVE MEXICAN MURDERER

AUSTIN, Texas, May 22.—Governor Neff announced that he would not interfere in the case of Francisco Madena, convicted murderer, and the Mexican must die tomorrow.

Mellon Urges Tax Bill Veto

WASHINGTON, May 22.—Secretary Mellon will recommend to President Coolidge that he veto the tax bill, was stated on his behalf at the Treasury Department. The bill as it stands, is highly unsatisfactory to Mellon and his opinion is that it will have a depressing effect on business in general. Mr. Mellon is disappointed that none of the reforms which "would have increased revenue," were embodied in the bill, and is believed to consider that the bill would not produce sufficient revenue to run the government. The limited publicity provisions are considered indefensible by Mellon in that they expose the private affairs of business men without increasing the revenue in the slightest.

All San Antonians To Have Lots Water

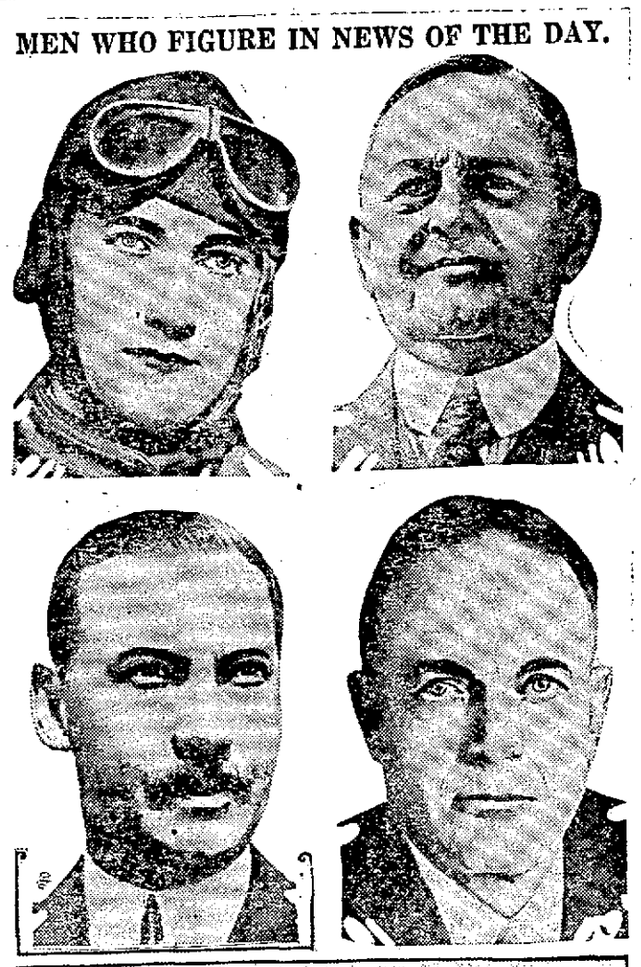
SAN ANTONIO, Texas, May 22.—Ample fire protection and an extension of water mains to all those who wish to use water in the city are the provisions under which the San Antonio Water Supply company will be allowed an increase of seven and one-half per cent in rates, according to Mayor John W. Tobin. The final report of the city council to the water company is now being drafted.

The water company first demanded an increase of 25 per cent in rates with the proviso that a 10 per cent rebate would be given for prompt payment of bills. The company was also averse to signing a longtime contract. Recent negotiations have indicated that the comapny will agree to a five-year contract and a seven and one half per cent increase.

MOTION TO DISMISS CASE IS DENIED

SAN ANTONIO. Texas, May 22.—A motion to dismiss the case against Dr. O. R. Stewart, charged with murder in connection with the death of Miss Lava Moore of Port Lavaca, when the state rested today, was denied by the court. The motion was made on the grounds that the state had failed to prove that an illegal operation had been performed.

MEN WHO FIGURE IN NEWS OF THE DAY.



Above: LIEUT. LOWELL H. SMITH & OSCAR UNDERWOOD
Below: MARQUIS DE CHAMBRUN & "BILLY" SUNDAY.

An honorary American citizen has been made a member of the French Chamber of Deputies. He is Marquis de Chambrun, French war hero, elected from the Department of Lozere. The Marquis is a direct descendant of Marquis de LaFayette, all of whose descendants have been made "honorary American citizens" by special act of Congress. U. S. Senator Oscar W. Underwood, of Alabama, candidate for the Democratic nomination for the Presidency, will seek to force through the Democratic National Convention in New York a plank opposing secret political organizations, aimed at the Ku Klux Klan "Billy" Sunday, famous evangelist, is suffering from ptomaine poisoning in Memphis, Tenn. Lieutenant Lowell H. Smith, senior of the U. S Air Service officers left with the 'round-the-world fliers, will command the flight until Major Frederick L. Martin, with a new "ship," can retain them, somewhere in the Balkans.

Masonic Lodge Is Very Busy

The Masonic lodge of Mexia is a busy institution, with a large amount of degree work on hand. The lodge met at 5 o'clock Wednesday afternoon and worked until 10 p. m., conferring the E. A. degree on a class of eight. Tonight the lodge will meet at 8 o'clock for work in the Masters degree

WATSON BOOMED FOR VICE PRESIDENT

INDIANAPOLIS, Ind., May 22.—A resolution endorsing Senator James E. Watson for the Republican nomination for vice president was adopted today by the platform committee of the Indiana Republican convention.

The boom for Watson as running mate for President Coolidge was started when six of the thirteen district caucuses approved Watson's proposed candidacy.

In all night session, the platform committee wrestled with resolutions to build up a compromise platform that would meet the approval of all factions in the convention today.

The platform does not mention the Ku Klux Klan but declares that the laws must be enforced upon the "high and low alike," without prejudice to race, creed or color.

This plank, coupled with Senator Watson's declaration in his keynote address that questions of religion or membership in secret organizations are not within the province of political parties, was found acceptable by the Klan.

Danger of a bitter fight over the delegates-at-large to the national convention was avoided when party leaders decided to select ten delegates-at-large instead of seven and give each delegate seven tenths of a vote. By this change, Postmaster-General New is assured of a place on the delegation.

Three hundred delegates said to be members of the Ku Klux Klan bolted district caucuses last night to attend a meeting at which a slate for State offices of the Klan was agreed upon.

THE WEATHER

East Texas—Tonight and Friday unsettled, occasional showers in south portion; warmer tonight in northwest.

West Texas—Tonight and Friday partly cloudy to cloudy; probably showers in Panhandle.

Thornton Parties Injured In Auto Accident Sunday

Dr. J. B. Barnett of Thornton accompanied two patients to Mexia this afternoon for X-ray examinations in Dr. McKnight's laboratories both of whom were injured with three others in an automobile accident on the Thorton and Gletha road Sunday afternoon. They were Miss Georgia Penick and Miss Mabelle Botler. The former was injured about the head and neck and the other sustained injuries to her back and ribs. Besides these the others injured were Miss Ima Bates, who suffered a right arm broken and ribs injured; J. Stutts who sustained injuries to his back and Buddie Melton, driving the car, who was least injured of all. It is said that the escape of the party without loss of life was miraculous almost. The front right wheel of the automobile came off, turning the car completely over twice.

BRIDE IS GIVEN SHOWER

A beautiful bridal shower was given Mrs. Jack Suttle in the home of Mrs. J. W. Hinchliffe, on South McKinney at 6 o'clock Wednesday afternoon of last week. Mrs. Suttle, previous to her marriage to Mr. Marvin Suttle, of this city, was Miss Jack Mullens.

A large variety of gifts was given at the shower, consisting of linen, cut glass and so forth. About fifteen guests were present.

OKLAHOMA CITY.—The National Editorial party, touring the South west on its annual outing, rolled into Oklahoma City with the sun today and took possession of the city.

MICHIGAN CITY, Ind.—Search was started today for a referee for the Gibbons-Carpentier boxing contest May 31. While promoters indicated they would like to secure an Indiana man as third man in the ring, other names have been mentional, prominent among these are Mat Hinkel, Cleveland; George Barton, Minneapolis; Bill Kelley, Buffalo, and E. Dickerson, Grand Rapids. Decision probably will be made early next week.

THE WORLD IN TABLOID

AUSTIN.—Cato Sells and Lowry Martin were reelected officers of the temporary organization by the directors of the Texas Centennial celebration. Directors, at their meeting here, reported much enthusiasm throughout the state over the centennial.

WASHINGTON.—Major Frederick L. Martin will not rejoin the army world flyers but will be retained here by the air service to serve in an advisory capacity in directing the last few laps of the world journey. It had been originally planned to have Martin resume command of the flight at some point in Europe or Asia Minor.

DALLAS.—National headquarters of the Farm Labor Union of America will be moved from Bonham to Texarkana June 1, it has been announced. The Farm Labor News, official organ of the body, will be moved to the new location.

HOUSTON.—Declaring that the statement made by Lutcher Stark, chairman of the board of regents of Texas University, is "as evasive as most of his acts have been as regent," and that he was dodging the issue by using the religious question as a "smoke screen," Richard T. Fleming, president of the ex-students' association here, has answered the 1500 word statement issued by Stark. Fleming denied the question of fundamentalism versus modernism in the teachings of the University faculty had enetred into his opposition to Neff or Stark. He declared he voiced his opposition because Governor Neff was not eminently fitted for the presidency of the institution.

DALLAS.—The ancient Egyptians, contrary to the general belief, were not superior in the art of embalming bodies, according to J. A. Shelbers, Fort Worth, attending the convention of Texas funeral directors, here. In fact, he said, the Egyptians embalmed their dead in much the same fashion that the modern housewife uses in making home-made pickles.

LOS ANGELES.—A reward of $10,000 has been offered by the city council for apprehension of the persons who destroyed with dynamite, portions of the city's $21,000,000 aqueduct. A tremendous hole was blasted in the canal 20 miles north of Haiwee reservoir.

INDIANAPOLIS.—"I don't belong to the Ku Klux Klan and I never will, but I have no objections to any other man belonging if he wants to," Senator James E. Watson told the Republican state convention here. "I don't belong to the Catholic church but I'm not objecting to any other man belonging if he wants to. Politics is not a question of race, creed, or class."

PROMINENT MEN OF MOBILE ARE ROUNDED UP IN RAID

MOBILE, Ala., May 22.—Eleven of 71 men, including leading citizens, of Mobile, rounded up in an anti-booze crusade, were found guilty by a jury in the federal court. The jury deliberated throughout the night.

BRITISH TREATY ON LIQUOR IS IN EFFECT TODAY

WASHINGTON, May 22.—The rum treaty between the United States and Britain is effective today with the exchange of raifications at the State Department. An identical treaty with Sweden was signed today. One with Germany was signed Monday. Another with Holland is in the preliminary stages.

NEW YORK.—Brooklyn police were after a new bobbed hair bandit today. Louis Saxt described her as a determined, two-gun girl, who walked into his shop, jerked a pair of wicked blue automatic pistols from her handbag, backed him to the wall and took $60 from his pockets. "She gave me back $5," Saxt said, "when I pleaded I must have something to send my wife and babies in Russia." The girl then walked leisurely from his shop, Saxt said after warning him not to move for five minutes. She took the key and locked the door as she departed.

BERLIN.—Communists are mustering wives of their imprisoned comrades for demonstrations in and around the Reichstag at the opening session. While a clamor is raised in the corridors and outside the Parliament buildings Communist members plan to demand amnesty for all political prisoners.

PHILADELPHIA—Ed (Strangler) Lewis, who is world's champion wrestler, retained his t in a match with Renato Gardi re last night. Each won a fall b he Italian was too exhausted t turn for the third.

ALBANY, N. Y.—F rt Fuller fell three stories dow air shaft shattering the glass ce y. He was arrested charged with malice destruction of property.

Keynoter Watson Declares Position Which Will Likely Dominate Republican Meet

Millerand May Resign as French President.

M. MILLERAND.

Because he had given his unqualified suport to M. Raymond Poincare, defeated French Premier, M. Millerand is said to have threatened to resign as President of France.

NEW YORK, May 22.—The republican party will reject the Klan as an issue in the forthcoming campaign. For many years the party keynote sounded at the Indiana convention, has been accepted as the foundation stone of the republican national campaign policy. Senator Watson, when he said the republican party did not care if the nominee was "Klansman or Catholic," sounded the keynote which President Coolidge is expected to corroborate. Coolidge already has stated by inference that the Klan has no place in party considerations.

STARK DEFIES ATTEMPTS TO FORCE HIM FROM JOB

DALLAS, Texas, May 22.—H. Lutcher Stark defied the efforts of some Texas University alumni attempting to force his resignation as chairman of the Board of Regents, by declaring the attempts to force his resignation would be useless. "I see no just reason why I should resign. I have nailed my flag to the mast and it will stay there."

Waco Trippers Here On Tour Of Section

100 Waco trade trippers arrived several minutes ahead of schedule time this morning in their rounds advertising the Waco Cotton Palace and their individual business concerns. They were in automobiles about 30 of which comprised the party. Tom Wolfe was in charge of the trippers. He and C. F. Dumas were in the lead car. W. N. Miner, Secretary of the Y. M. B. L. and A. J. Gansler were also members of the party. Waco newspapers were also represented.

The leading car was decorated as a Y. M. B. L. car and had a siren which let the public nkow of their presence and also signalled for the start out of town.

There are two other trade trips ahead of the Waco commercial organization.

The following was the itinerary of the tourists:

Waco to Prairie Hill, 8:30, stop 10 minutes.

Prairie Hill to Coolidge, 9:15, stop 15 minutes.

Coolidge to Mexia 10, stop 1 hour.

Mexia to Groesbeck, 11:35, stop 1 hour.

MAYFIELD PROBE T OBE RESUMED BY SENATORS FRIDAY

WASHINGTON, May 22.—The Mayfield hearings will be resumed tomorrow, following a postponement today because of the failure of witnesses to arrive. Morris Mayfield, brother of the senator, of Terrell, is to be questioned by Peddy's counsel. In a prepared statement Peddy declared that the Klan "usurped the democratic party of Teras so as to send one of its members to the Senate as spokesman for the Klan and an example of its power." The records of the Mayfield injunction trial at Corsicana are to be gone over by attorneys appointed by the committee.

GRAND RAPIDS, Mich.—Three candidates appeared to be in the race for the moderatorship of the Presbyterian Church in the United States which opened its 136th General Assembly here today. Dr. Charles F. Wishart, of Woster, Ohio, is the retiring moderator. The fight for the highest office of the church appeared today to be settling down to a contest between the fundamentalists and modernists with the former backing Dr. Charles E. McArtney of Philadelphia and the modernists supporting Dr. Charles Erdman, Princeton, N. J.

ZEPHYR, Texas.—Lynch Davidson candidate for governor, missed death by a narrow margin when lightning struck an iron post 15 feet from where the governor had sought shelter during a thunderstorm. Davidson was momentarily dazed but continued to Brownwood where he fulfilled a speaking engagement.

BRYAN, Texas.—Commodore Bullock, held in connection with the slaying of Sheriff L. E. Morehead near here in March, will go on trial June 5. Bullock was indicted by a grand jury which adjourned a few days ago.

MOODY TO HAVE NEW DERRICK

A new derrick to take the place of the old one blown down during the storm several days ago will be erected on the Moody number one at Tehuacana, it is announced. The wreckage was cleared away Wednesday and the contract has been let it is reported.

WHY WALL STREET FOUGHT THE BONUS

Day by day, in every way, the sane, sober, thinking American patriot becomes more strongly convinced that it would be a mistake to turn this nation over to Wall Street and to the bootlegger. Wall street tried to dominate the action of Congress and the President on the Bonus bill, opposing it with all the vehemence within its financial power. It was a pretty spectacle indeed which Wall Street presented in fighting the bill. Wall Street, it will be remembered was anxious to see the United States remit all debts of foreign powers incurred during the war but was unwilling to pay to American soldiers a portion of the debt of gratitude for the secrifices, hardships, suffering, business losses and broken lives which sturdy sons of these United States contributed to the salvation of America. Probably one reason why Wall Street fought the Bonus Measure was because so few of the citizenship of that famous financial thoroughfare contributed to any of the fighting branches of the service.

THE COUNTY SINGING CONVENTION

Last Sunday's issue of The News carried a historical sketch concerning the Limestone County Singing Convention. It was described as a social factor in the life of the community. It is, indeed, more than that. It is a commercial asset. It is a spiritual organization. It is an educational institution. It brings the people of the section together in the spirit of brotherhood. It enhances happiness, thereby contributing to prosperity. It uplifts those who attend, stressing the beauty of harmony in song and music as well as in realms outside that of song and instrument. It calls attention to the beautiful and serves in many ways in enlightening the people bringing them together for an exchange of opinions and ideas and for the informal discussion of questions of the moment.

Mexia and the entire county should draw a lesson each year from these banner events.

The necessity for harmony is the first great lesson stressed by the singers assembled at the annual conventions.

The word "Co-operation" is seen in The Mexia Daily News more than any other word. It cannot be used too much for it is the one thing that Mexia, as well as every other ambitious city needs today.

A violation of the principles of harmony and melody in music creates in the mind a feeling of destruction. Violation of these same principles make for the down fall of communities everywhere. It is God's unwritten message sent to the world through the medium of Nature. Listen to the noise of an earth quake, a volcano, a cataract, a storm such as visited this section Tuesday night, and there is created in the mind a sense of destruction. If unharmonious sounds produce this effect on man's mentality, it is because the harmony of things is the base of music, and that if the harmony of things is destroyed the destruction of the universe would be the result.

ON THE WAY DOWN TOWN

By Slyboots.

Topics of interest in Mexia change like scenery in the Saharra, some times, and then again it would take a flock of cubs on some metropolitan sheet pushing the carbon fast as Pat Patterson can talk to keep up with the shifting thrills. So my readers will pardon the "nut" editor if he steps from street scenes to those of high society. You know golf has struck Mexia with the same force that made Jack Dempsey a million and my theme must turn to the flowing golf links at times, for of all things a writer must keep abreast of the times, even if he has a glass eye. Mexia numbers among her "who's who" a singing Rotarian by the name of Bell—not Tinker Bell—but George Bell and when he is not singing he is building homes for the other fellow. He was seen on the golf course Tuesday afternoon in a pose that reminds one of following a dyspeptic in a steam table cafeteria. But on closer inspection he was found to be looking for lost balls. It was no fault of his stance that seemed perfect, but his "follow thru" was missing like a cake of soap on Saturday night. George would really make a wonderful player if he wouldn't loose the balls. But his mind must take flights of fancy for when he hits those round pelletts they seem to follow something besides good intentions and they wander into uncharted courses. There seems to be one part of the course that George is very fond of—it's the natural water hazard and George tells this on himself. He had a dream the other night and it seemed that it was raining hardboiled eggs. When he awoke he was sitting beside the water hazard swapping eggs for golf balls.

George has been complimented greatly on his musical charms but very modestly states he has a brother that far excells him. He says when brother plays that one thousand men quit work. He pulls a whistle in a macaroni factory.

After watching George chase golf balls till eye strain developed, I romped in to town to see if Dr. Jackson had written Paul Revere. It seems that the doctor wants to become a jockey and he paid five dollars in answer to an advertisement asking where Paul lived that he had heard he was a fast rider. But before I could get to the doctor, Frazier Hendricks collared me as I stopped my car in front of his Beauty Parlor. Frazier it seems has been making efforts to curtail the business of mail order houses in this section and he has been making a close study of all lines that might give him a clue to their extermination but he has had a severe set-back in his worthy work. It seems that John Sweatt has been in on several close deals with Frazier and they have grown quite friendly in their many transactions but Frazier doesn't know now whether to look for another friend or go in with John and help in a new enterprise. This is what happened. John has been wanting to have his picture made and Frizier has been extolling the virtues of the photographic artists of Mexia so when John reached the bank this morning Frazier was waiting his coming and at once engaged John in a new argument, when like a ton of horse-radish John informed Frazier that he had just mailed a letter with a full personal description of himself to Scars-Robuck for them to send him a life-sized picture by mail. Frazier told me of this with tears staining his neck.

By the way Frazier has hung a new motto in his art gallery. Seems it's from the Hof-brau. It runs like this 'Men get rich by winking at the laws, and get in trouble by winking at women."

Every druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenrhu, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Mr. James H. Allen of Rochester, N. Y., the discoverer of Allenrhu, who far many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. COOLIDGE WILL SIGN MEASURE CLOSING U. S. DOORS

By A. L. BRADFORD
(United Press Staff Correspondent)

WASHINGTON, May 22.—Despite his futile efforts to modify the Japanese exclusion provision of the immigration bill, President Coolidge instead of signing the measure without comment, will take some final step designed to mitigate the affront to Japan in the proposed law, informed observers believed today.

Meanwhile the two countries are facing a situation where neither may be represented by an Ambassador in the other's capital. The resignation of Cyrus Woods, American Ambassador to Tokio having been accepted by the President, no official and diplomatic explanations seem able to down the impression that one of the causes of Woods' retirement is the proposed exclusion law.

Ambassador Hanihara, the Japanese envoy here, reported to be on the verge of resignation, today told the United Press that he could not comment on the subejct. All the Ambassador would say was that he had no present plan of resigning and that he was "awaiting developments."

Secretary of State Hughes is holding frequent conferences with President Coolidge on the Japanese situation. It is believed that Hughes would feel much of his work in the State Department to have been in vain should an exclusion law result in a return of the delicate relations existing between the two powers before the Washington disarmament conference.

In the midt of this situation Mr. Coolidge is casting around for a suitable man to take Woods' place. The name of John Hays Hammond, noted mining engineer and chairman of the coal commission during its brief life, is being mentioned. Hammond at one time was offered the Tokio post by President Harding.

MURDER CHARGED TO NURSE IN HOSPITAL

Admits Gruesome Deed and Declares It Was Disgraceful to Let Condition Continue When It Was So Easy To Stop It.

"Certainly I killed them—all by myself, too," declared a pretty nurse when the superintendent found her pacing happily up and down the hospital halls.

"It's a disgrace to let roaches and water-bugs stay around a kitchen, or anywhere else for that matter, when Fly-Flu is so easy to get. It took me just five minutes to kill all insects around the place—and if any more come they will get it, too. Besides, Fly-Flu is a deodorant and keeps everything it touches sanitary."

Fly-Flu is deadly destruction to every insect or bug. Spray Fly-Flu around the premises—it kills them all. Flies, roaches, waterbugs, ants, fleas, mosquitoes and bugs and lice that infect flowers and plants all fall quick victims to the effects of Fly-Flu.

Yet Fly-Flu is absolutely harmless to humans—cannot stain or leave unpleasant odor—and it will not injure vegetation. Substitutes can't and won't do the work, but genuine Fly-Flu cannot fail if you use it according to directions.

A large bottle of Fly-Flu only costs 50c with the handy sprayer free. Get it from your druggist, grocer or general store. Be sure it's Fly-Flu.

Indianapolis Mayor Mounts Race Car Cowboy-Style

Following the official welcome extended Earl Cooper, noted race driver, by Mayor Lew Shank, the Chief Executive of the Hoosier Capital expressed a desire to drive a lap in Cooper's Robin Egg Blue Studebaker Special. It proved too tiny a mount for the giant ex-auctioneer so he was forced to ride it cowboy-style.

King Cotton Is Traveling North

HOUSTON, Texas, May 22.—King Cotton bids fair to extend the limites of his realm far beyond the reaches of a warm southern sun—farther than was ever dreamed a few seasons ago.

Between 20,000 and 30,000 acres of cotton will be planted in southern Illinois this season according to information received by H. H. Schultz, agricultural statistician.

Nor is cotton a "misfit crop" in this state which boasts heavy yields of small grains per acre. Of more than 1,000 acres planted in cotton in 1923, the average yield was about a half a bale an acre—a high average for the heart of the cotton belt.

Success of the northern planters in raising this crop has been brought about largely through the development of different varieties of cotton seed which mature early and the boll weevil, plague of the southern planter, cannot survive Illinois winters thereby eliminating danger from this pest.

Quite a number from here will attend the State Democratic convention at Waco next Tuesday.

RUPTURE Expert Here

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will personally be at the Raleigh Hotel, and will remain in Waco Sunday and Monday Only, May 25-26. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Warning—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Simple Home Treatment For Swollen Veins

If you or any relative or friend is worried because of varicose veins or bunches, the best advice that anyone in this world can give is to get a prescription that many physicians are now prescribing.

Ask your druggist for an original two-ounce bottle of Emerald Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. Emerald Oil is a powerful, yet harmless germicide and results are guaranteed.—(Adv.)

DALLAS BUSINESS MAN ADDS HIS TESTIMONY

L. Coppage Tells of Relief from Stomach Trouble of 15 Years Standing and Gives Tanlac Full Credit.

"Since taking Tanlac my stomach acts and feels like new and, in fact, I am rebuilt, so to speak," is the strikning statement of L. Coppage, proprietor of the Coppage Auto Works, 2101-3 North Akard St., Dallas, Texas. Mr. Coppage resides at 500 So. Beacon St.

The results Mr. Coppage has obtained from Tanlac are indeed remarkable, in as much as he declares "I had suffered from indigestion for fifteen years. Often I had no desire for food and what I did eat felt like a lump in my stomach, which kept me feeling sick most of the time.

"In this condition food seemed to do me more harm than good, as I became terribly run-down, felt sluggish and had no energy. That I now eat nearly everything I want and seldom feel a touch of indigestion is all due to Tanlac. I am built up to where I feel fine and healthy in every way and am brimful of new life and energy. I belive Tanlac is equal to any case of stomach trouble."

Word was received by Gray Forrest Tuesday afternoon from the Vernon Club of the Pacific Coast league that Rodney E. Whitney, star receiver for the Gushers last season, had "stuck" with the Vernon club. They have used Whitney very little this season to quite a bit for the Vernonites. to work juite a bit for the Vernonites.

In the track team from Finland, the U. S. team will find one of their strongest opponents. The only weak places on the Finn team will be in the dashes and the timber topping events.

The Gushers are having quite a time now winning a game or so but they will come around alright in the long run. There is something wrong with them and as soon as several changes can be made they will get to giving somebody's club a run for their money.

In Tuesdays game the Gushers nicked the Oiler twirlers for thirteen bingles while they were collecting nine off of Peel but from these nine hits the Oilers obtained five counters while the best the Gushers could get from the thirteen hits was only four counters.

The Waco Indians and Marlin Bathers are coming together these days in some regular clashes and the Indians seem to be getting the best of some one run games from Alex's men.

MEN AND WOMEN IN DAY'S NEWS.

Above: SUZANNE LENGLEN & MRS. E. E. HARRIS
Below: JAMES CURLEY & REAR-AD. W. F. FULLAM

According to the Nice correspondent of the Paris l'Auto, Suzanne Lenglen, world's champion woman tennis player, is ill with jaundice and will be unable to defend her three French championships. In a signed statement Rear Admiral W. F. Fullam, U. S. N., retired, declares there is nothing fundamentally wrong with the American surface fleet, which he says is not inferior to the British. He adds, however, that the Navy is weak in submersibles and aircraft. Mrs. Eleanor Elaine Harris, bizarre central figure in the successful marriage annulment proceedings brought in New York by Beverly D. Harris, formerly vice-president of the National City Bank, is under arrest there on the charge of forging Harris's name to a letter on which she sought to reopen the case on the grounds that he had exonerated her. Mayor James Curley, of Boston, has asked a Senatorial investigator into the collection of funds for the Coolidge campaign committee, alleging a plot to buy the Presidency.

How To Figure Bonus Payments

WASHINGTON. — In order to speed up the work of paying World War Veterans the bonus congress gave them, the war department has issued a list of "don't" to veterans.

Here they are:

Do not write for application blanks. They will be distributed as soon as prepared; read instructions carefully; do not pay fees other than notary charges required in certain cases; do not write the war department for information required on the blank. Do the best you can from memory. Mail applications in the envelopes which will be distributed with the blanks.

Adjusted compensation is figured on the basis of $1 a day for home service and $1.25 a day for overseas service. The first sixty days of service cannot be counted and a maximum of 500 days is the limit. If less than $50 is due, it is paid in cash.

The value of the 20 year endowment insurance policies to be issued is arrived at by computing the basic compensation according to these figures, then by multiplying it by an arbitrary figure according to the veterans age and increasing the total arrived at by 25 per cent.

This arbitrary figure varies from 2.545 for veterans 20 years old to 2.082 for veterans 59 years old.

For example, a veteran of 25 with one year's home service would compute his service as 305 days at $1. Multiplying $305 by 2.537, the arbitrary figure for his age, would give $773.78. This increased by 25 per cent would give $967.25, the face value of his insurance policy.

Insurance policies will be issued as fast as the date can be compiled. Loans may be made up to 90 per cent of the value of the policy after two years from the date of issuance. The policies increase in value steadily from date of issuance until the maturity after 20 years when the full value of the policy is payable.

The shoulder blade of a mammoth was recently dredged from the sea by a trawler and landed at Douglas in the Isle of Man.

More than 85 per cent of this country's corn crop is fed to live stock, and somewhat less than 10 per cent is used for human food.

A museum of safety where hundreds of accident prevention devices are displayed was recently opened in New York.

Quartz glass is capable of absorbing oxygen which imparts to it a phosphorescent glow.

If you have around $1100 to spend for an automobile, you can now enjoy a fine Oldsmobile Six Sedan with four-door body by Fisher.

Like the Fisher body, every other feature of Oldsmobile Six is of first quality. The 40 horse power "six" engine with its pressure feed lubrication system has no equal in any similarly priced car. It has Delco electrical equipment, the finest clutch, the best known chassis lubrication system.

See this Oldsmobile Six—joint achievement of Oldsmobile and General Motors—and you will know why 500 people a day choose it.

Leonard Has Bad Attack of Stage Fever

By HENRY L. FARRELL
(United Press Sports Editor)

NEW YORK, May 21.—Benny Leonard has developed so much enthusiasm for the theatrical profession and he professes to see such a future in it that it would be no great surprise if he announced his retirement from the ring after the outdoor season.

When a champion in these days of few fights and immense purses talks of retirement, the public is justified in considering the conversation to be a lot of bunk.

Leonard, as champion lightweight of the world is, at the very least, a $200,000-a-year man, and he is not in his thirties. A surgeon, a lawyer, or an engineer, who has made himself worth $200,000 a year before he passed his twenties, would be mentally deficient if he gave up his business and started in the practice of a new profession.

While it is admitted that the boxer hasn't a profession as permanent as a young man with a skilled technical trade, it seems that Leonard has several years ahead of him, and even a few years at such a handsome salary would put the ordinary tradesman at ease for life.

Leonard, however, does not look at it that way. He has the theatrical bug and has it bad, but he has some sensible arguments to show his desire to get out of the boxing business is not a fad of the moment or a silly hobby.

While he was being made up recently by a star cosmetic thrower in a New York movie studio, where he was to go through a 60-round fight for the hand of a movie queen, Leonard unburdened himself of some of his ideas about the boxing business.

"This commission idea of government is spoiling the game," he said. "They try to tell a boxer what he must do. They tell a promoter how much he can charge, how many spectators he can seat and what boxers he can match. The New York commission got on me a few days ago and told me that I had to defend the title. I told the commissioners I was ready to fight if they would get an opponent for me, and they had to admit that it would be a job for them to find an opponent.

"The newspapers play up the exorbitant purses that boxers get and the reformers complain about it. Because of the prominence given in the news to purses paid to fighters, the public gets the idea that boxers are the highest paid performers in the world. They are not. Supposing I do make $300,000 a year, that is small compared to Al Jolson's million dollars a year and the salaries and income of a half million dollars that several other star actors get.

NIGHT-IN-GALE CONCERT TO BE BROADCASTED

LONDON.—Radio fans in the United States will be given an opportunity to "tune in" on the song of a nightingale next week, following the successful broadcasting of a nightingale concert near Oxted. Several of the feathered songsters were coaxed to a thicket and a cello player started the birds singing. The song was heard by millions of radio fans throughout England.

Typhoid fever, which formerly was very prevalent in the Virgin islands has been abolished by inoculations with anti-typhus vaccine of all persons between the ages of 5 and 45.

In order to relieve malaria in Greece, the American Red Cross recently shipped five tons of quinine to that country, said to be the largest single consignment of that material ever made.

The streets of Damascus are so muddy during the six month's rainy season that there is a big demand for overshoes to protect the valuable oriental rugs used there.

Mental disease increases as physical disease decreases and there is proportionately more mental disease in cities than in the rural districts, a New York State hospital statistician has found.

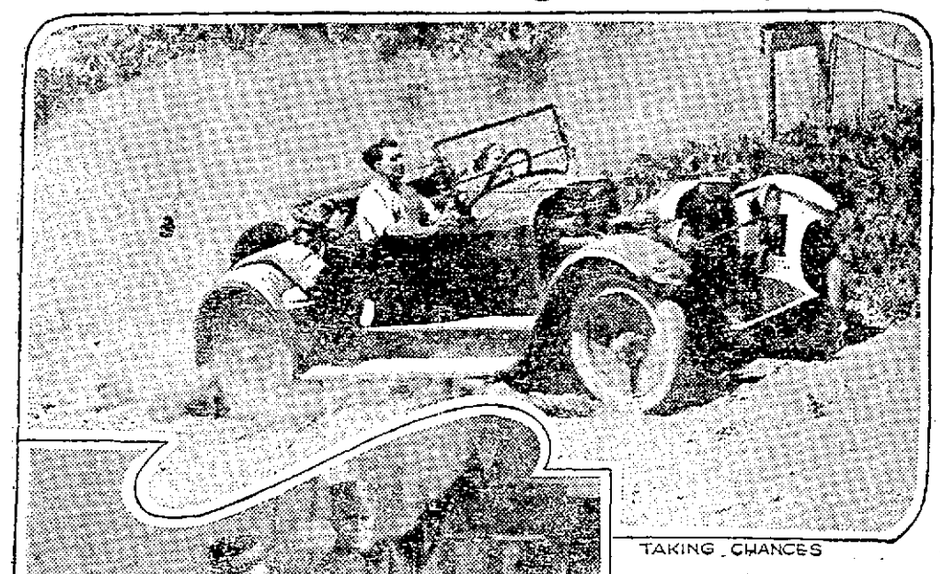
Most Motor Accidents on Straight Roads, Says Kropf



TAKING CHANCES

STOP!

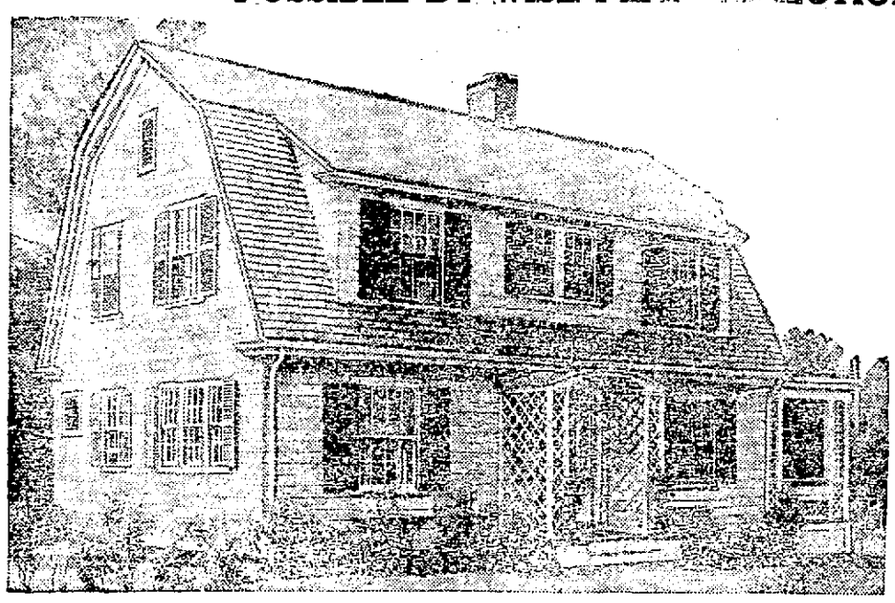
CHICAGO—Straight roads with their fascination for the driver who "likes to step on the gas" are responsible for more automobile accidents than curves, hills or even railroad crossings, according to Richard E. Kropf, Supreme Regent of the Royal Arcanum, who based his assertion on automobile accidents tabulated in the state of Wisconsin in 1922-23, where straight road accidents outnumbered all others more than two to one.

"Curves, hills and railroad crossings seem to bring out any caution that a driver has," said Mr. Kropf who has studied traffic conditions in connection with the Royal Arcanum's nation-wide campaign for the prevention of accidents. "A man who would not think of skidding around a sharp turn will drive his car faster than fifty miles per hour on the straight-away. In the city, the white-gloved hand of the traffic officer prevents such recklessness.

"Out of 2,981 road accidents in Wisconsin in 1922-23, 2,044 occurred on straight roads and only 937 in all other places, including curves crossroads, hills, corners and railroad crossings. Reckless driving is given as the cause for 1,628 accidents. Improper or no lights, broken mechanism, intoxicated drivers, weather conditions, narrow bridges and culverts and cars on the wrong side of the road are among the other causes listed.

"It is interesting to note that in the 2,981 accidents, there were 10,258 people involved. Nearly always, the reckless driver jeopardizes the lives of several of his family and friends. The Royal Arcanum is striving to teach the doctrine of safety in all walks of life through 1,300 councils and 125,000 members in the United States and Canada. The order has no other motive in this save the conservation of life through sensible, cautious living."

ECONOMY IN HOME BUILDING MADE POSSIBLE BY WISE PLAN SELECTION



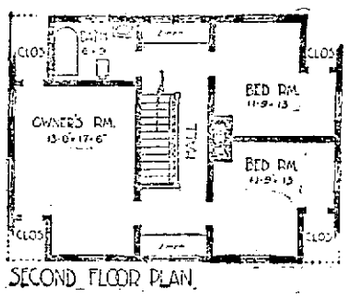
Design 1457

M. L. KEITH

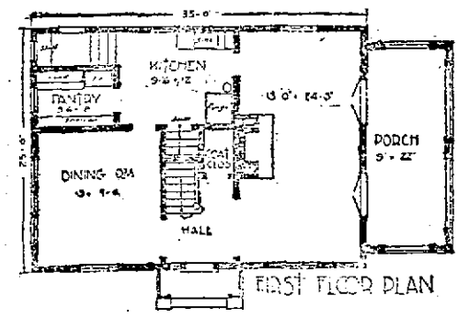
ECONOMY in home building can come only through a multiplicity of savings. There is no short cut to the desired end. Reduction of cost by the use of inferior materials or poor workmanship is not an economy. One simply buys, in this way, an inferior article for which he pays a correspondingly lower price. True economy is a matter of simplification. In using good materials to better advantage and adhering to simple taste, a great saving can be accomplished in home building.

To reduce the cost of building by improving the quality, the first step is the careful selection of building plans. Dependence for beauty of outline should be placed altogether upon application of the principle of good design, such as proportion, unity of detail and fitness.

This home is the most attractive and yet one of the most economical types in building of the old colonial house. The entrance is into a central hall. The porch to the right opens out from the large living room. The latticed entrance lends an entrancing charm to the appearance of this distinctive home. While this house is shown to be built of siding, either shingles or stucco exterior would be equally appropriate. It is a real home which every one will like; it is satisfying, and though of fair size being so simply designed and conveniently planned readily fits the needs and tastes of the average home builder.



SECOND FLOOR PLAN



FIRST FLOOR PLAN

One of the interesting features to the interior arrangement is the ample light afforded every room. Large windows make this home most desirable where air and sunlight are essentials to happy home life.

The American Home Plan Bureau has inaugurated a campaign to help the home builder. The home pictured here is but one of the many contained in the American Home Plan Book issued by the Bureau.

These plans for small homes are furnished at a low cost by the American Home Plan Bureau, an organization having at its disposal tested plans of leading architects of the country, which have been arranged for your requirements by M. L. Keith, Architectural Supervisor of the Bureau and a recognized authority on home planning.

Mr. M. L. Keith will answer questions and give advice free of cost on all subjects pertaining to planning, building and construction of homes for the readers of this paper. By reason of his forty years' experience as an Editor, Designer and Builder, Mr. Keith is ranked as the highest authority on home planning and construction.

All inquiries should be addressed to American Home Plan Bureau, 220 S. State St., Chicago, Ill.

This little dollar goes to market

EVERY year every family of your acquaintance spends about 70 per cent of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements of her daily paper. There she learns about the offerings of merchants and manufacturers. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the daily business of purchase.

CITATION BY PUBLICATION
THE STATE OF TEXAS

To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the County of Limestone if there be a newspaper published therein, but if not, then in any newspaper published in the Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said Judicial District for four weeks previous to the return day hereof, B. D. Flickinger whose residence is unknown, to be and appear before me, a Justice of the Peace in and for Limestone County, at a regular term of the Justice's Court for Precinct No. 4 of said County, to be begun and holden at my office in Mexia on the 10th day of June, 1924, at ten o'clock A. M., to answer the complaint of Rogers Mercantile Company in a certain suit therein pending, in which Rogers Mercantile Company is Plaintiff, and B. D. Flickinger is Defendant.

Filed on the 26th day of April, A. D. 1924, and numbered on the Docket of said Court No. 739, the nature of the Plaintiff's demand being in substance as follows: On July 14th, 1923, at the instance and request of Defendant the Plaintiff took defendant's note in the sum of $44.50, due thirty days after date, said note providing for ten per cent attorney's fees if placed in the hands of an attorney for collection. Plaintiff says further that he placed the note in the hands of Keys & Mason, attorneys, for collection, agreeing to pay them the ten per cent attorney's fees provided for in the note, the same being reasonable attorney's fees; that the note is now past due and unpaid, and that Defendant, though often requested, has hitherto failed and refused, and still refuses, to pay the same or any part thereof, to Plaintiff's damage in the principal sum of $44.50.

Wherefore, Plaintiff prays that the Defendant be cited to appear and answer this suit; that he have judgment in the principal sum of $44.50, interest, attorney's fees and costs of suit, and for such other and further relief, general and special, in law and in equity, to which he may be justly entitled.

Herein fail not, but have then and there before said Court, at said regular term, this Writ, with your return thereon, showing how you have executed the same.

Given under my hand, this 26th day of April, A. D., 1924.

O. KENNEDY,
Justice of the Peace,
Precinct No. 4 Limestone
County, Texas.

Pepsinated Calomel Is Better than the Old-Time Sickening Kind

It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, billiousness, bad colds, constipation and sick headaches. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by Bennetts Drug Store.

Jack R. Hornaday, representing Jiggs and other King features, was in Mexia Wednesday. He stated that Jiggs still leads all other comics and is now being printed in Chinese and other foreign newspapers. He states that the translation in Chinese is difficult, for the humor also has to be translated as well as the words, since Chinese don't always catch the humor of an American joke.

REVIVAL TO RUN

JUNE 19 to 28

The Central Presbyterian Church announces the date of the Revival Meeting June 19 to 28. Rev. Leon D. Young, pastor of City Temple, Dallas, Texas who is to lead the meeting and do the preaching talked with Rev. Aubrey by long distance Wednesday night and stated he was making preparations for an intensive evangelistic campaign. Arrangements for a capable song leader will be completed in a few days.

The Presbyterians desire to invite all people of the other denominations and those of no church affiliations to come and join in this effort as far as they may find it possible. It is not the intention to make this a denominational effort. Dr. Young made it clear to the committee that he could not consider coming to Mexia unless the plans were made large enough to benefit all other churches and the whole community.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots How to Remove Easily.

Here's a chance, Miss Freckleface, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easily it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—(Adv.)

Sandstorm Covering Up Boundary Marks

EL PASO, Texas, May 22.—International boundary marks have been covered by sandstorms in many places along the border, J. Harrie Cloonon, boundary commission secretary, has been informed.

An airplane carrying Randolph E. Fishburn, of the commission, has left here for an inspection of the border between El Paso and Nogales, where the monuments are reported covered.

Additional observations on the topographical features will be made.
